Filed: July 18, 2002

Title: METAL SURFACES COATED WITH FLUORINATED POLYMERS

COMMENTS ON STATEMENTS OF REASONS FOR ALLOWANCE

Mail Stop Issue Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

For the record, claim 1 of the present application does not require a blend of an epoxy with a fluoropolymer. Consequently, the statements in the "Reason" page 3, lines 11 and 14 that the French document corresponding to 09/575,368, does not disclose such blends are not pertinent. The blend referred to in Applicants' binder is that of a fluoropolymer modified by partial dehydrofluorination followed by oxidation, and a fluoropolymer not so modified.

Respectfully submitted,

I. William Millen, Reg. No. 19,544
